## Why Gurus of Dance?

Gurus of dance is the biggest Bollywood musical company in the Bay Area! Combining acting and dance lessons, we will bring a fun, educational, and unique experience in the arts right to your homes. To provide flexibility yet adhere to social distancing mandates, we are offering week long virtual sessions. During each session, campers will learn different dance styles, work on their acting skills, and participate in team building activities. At the end of each session, friends and family are invited to attend the end of the week online performance where campers will showcase all that they have learned that week.

To promote a healthy lifestyle with exercise we start our days with fun team building activities and dance lessons. Campers not only have fun but also learn the technical skills needed to take their dancing to the next level. We then move on to acting and writing activities which help campers to build confidence, communication and public-speaking skills, leadership skills, and creative thinking. Last but not least we end the day with arts and crafts where campers get to explore their creative sides. Your child will spend the summer making friends, dancing, learning, acting and creating right in your own homes. It will definitely be a summer to remember!
